## **DETAILED ACTION**

### ***Claim Objections***

1. Claims 1, 3, 12 and 15-17 objected to because of the following informalities:
  - Claim 1 is objected to because it is not clear where the sensor means is to be placed. The “and/or” should be modified in order to define better the invention.
  - Claim 3 is objected to because it is not clear whether the sensor means are placed on the actuator or not.
  - Claim 12 is objected to for the same reasons of claim 1.
  - Claim 15 is objected to because it is not clear if the evaluating means are responsive to the deflection or to the setting force.
  - Claim 16 is objected to because: (1) after —evaluating—insert “means”; (2) it is not clear if the evaluating means are used to find the deflection or the setting force.
  - Claim 17 is objected to because it is not clear what the Applicants mean by “add together and/or subtract the stretch integrals to and, respectively from each other”.

Appropriate correction is required.

### ***Allowable Subject Matter***

2. Claims 1-17 would be allowable if rewritten or amended to overcome the objection, set forth in this Office action.
3. The following is a statement of reasons for the indication of allowable subject matter:  
The references of the Prior Art of Record fail to teach or suggest either alone or in obvious combination the limitations as set forth in claim 1 and 12, and specifically comprising the

Art Unit: 2834

limitation of the sensor means placed at a position at which when the functional section thrusts against a resistance there is a constant longitudinal stretch independent of the setting force.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.

5. This application is in condition for allowance except for the following formal matters:

- Objection to the claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
